ENVIRONMENTAL COMMITMENT STATEMENT

ON-SITE SERVICES SUPPLIER

Date:

The company [Name of the company] ....and on its behalf Mr/Mrs/Ms [Name and position]...

In the pursuit of its activities at the facilities and having been informed of the existence of an Environmental Management System at TECNOBIT, undertakes to:

	Yes	No	N/A
Provide TECNOBIT with all the documentation on environmental issues as may be required.	◯	◯	◯
Implement the appropriate preventive measures when undertaking its activities at TECNOBIT to minimise the environmental impacts arising, and specifically, adopt the appropriate measures to comply with current environmental legislation that applies to the work to be done, to which end it shall provide training and specific instructions concerning best environmental practices to its personnel who are to provide the service at TECNOBIT's facilities.	◯	◯	◯
Selectively collect the hazardous waste generated by its activity and deposit this waste in the corresponding containers that TECNOBIT has provided for the purpose.	◯	◯	◯
Selectively collect non-hazardous waste generated by its activity and remove it. In particular cases, and having secured prior authorisation, this non-hazardous waste may be deposited in the corresponding containers that Tecnobit has provided for this purpose.	◯	◯	◯
Not leave behind any type of waste whatever its nature.	◯	◯	◯
Cover the drains, where necessary, to prevent the entry of unwanted products into the drainage network, and contain any such discharge by using the appropriate materials and products.	◯	◯	◯
Guarantee the efficient use of water, power and materials at TECNOBIT while it is undertaking its activity.	◯	◯	◯
Ensure that environmentally harmful emissions are kept to a minimum.	◯	◯	◯
Leave the environment, as far as possible, in the same condition as before the activity.	◯	◯	◯
Inform the TECNOBIT Environmental Manager of any significant environmental impact caused by, or that may be caused by, its activity.	◯	◯	◯
